

Corso Eda geografia

Dove siamo nell'universo?

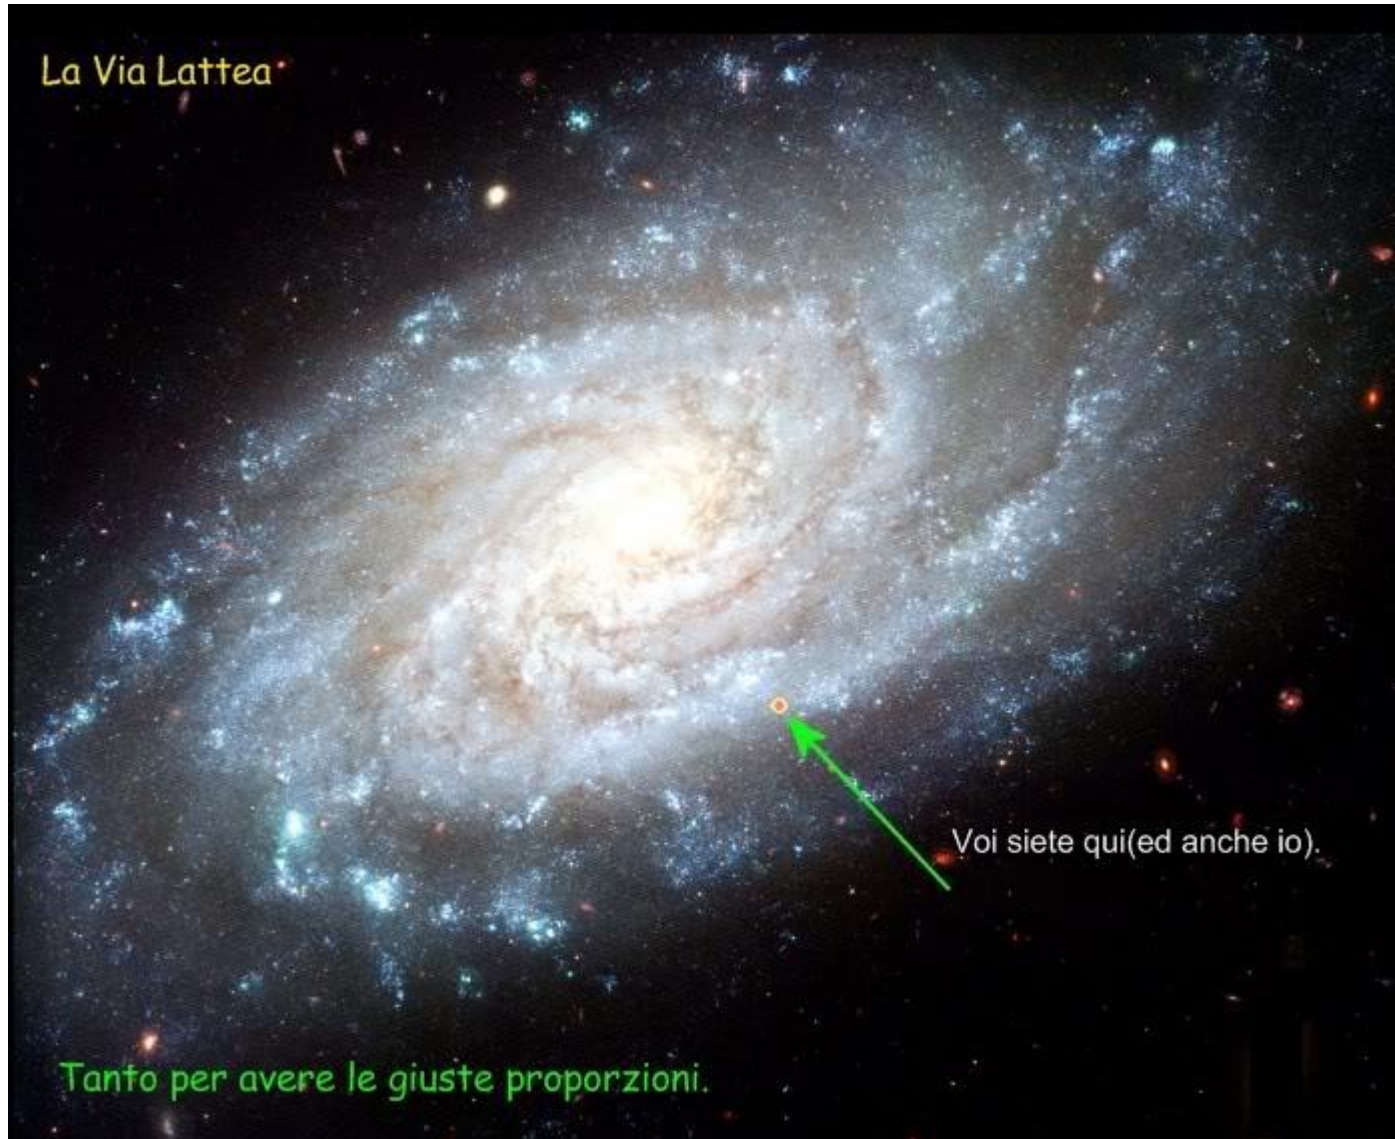

Siamo qui: quella è la nostra
galassia

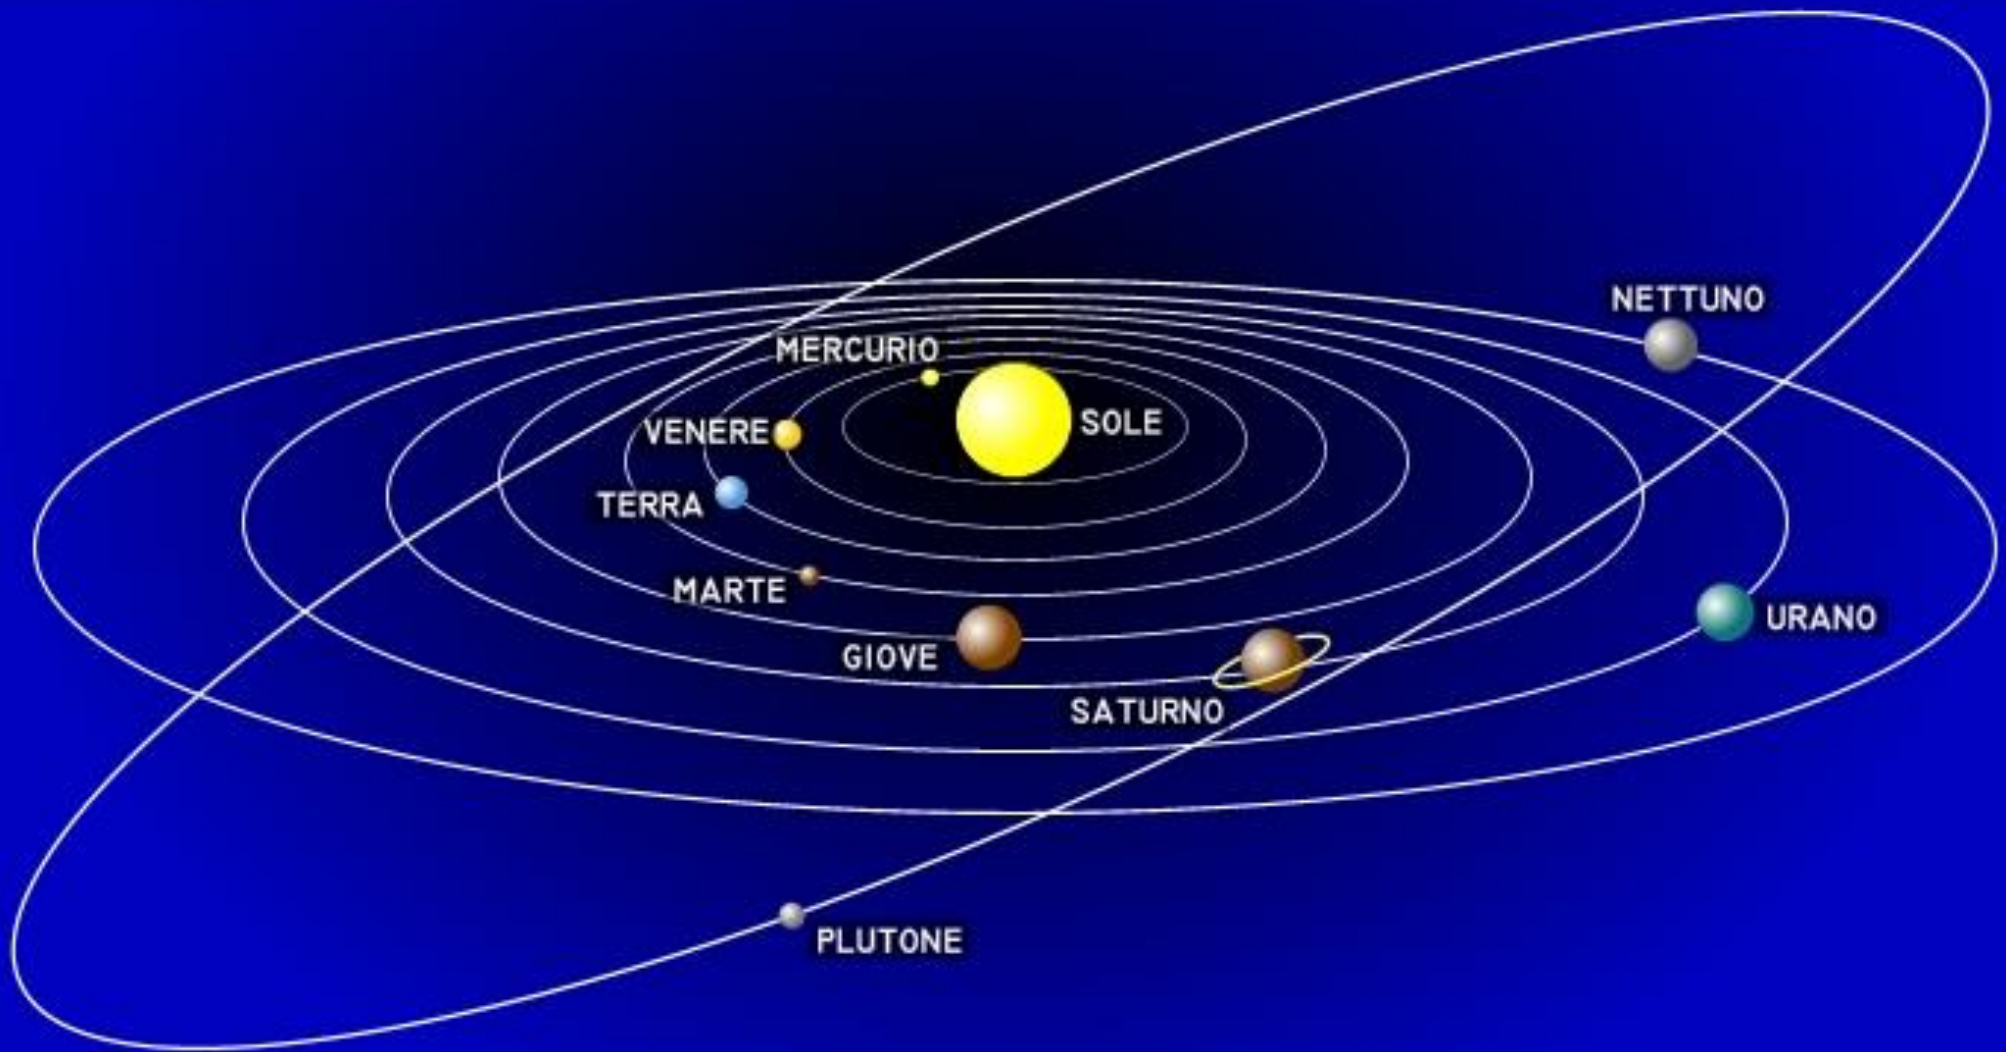

Andiamo più nel dettaglio

Sempre più vicino

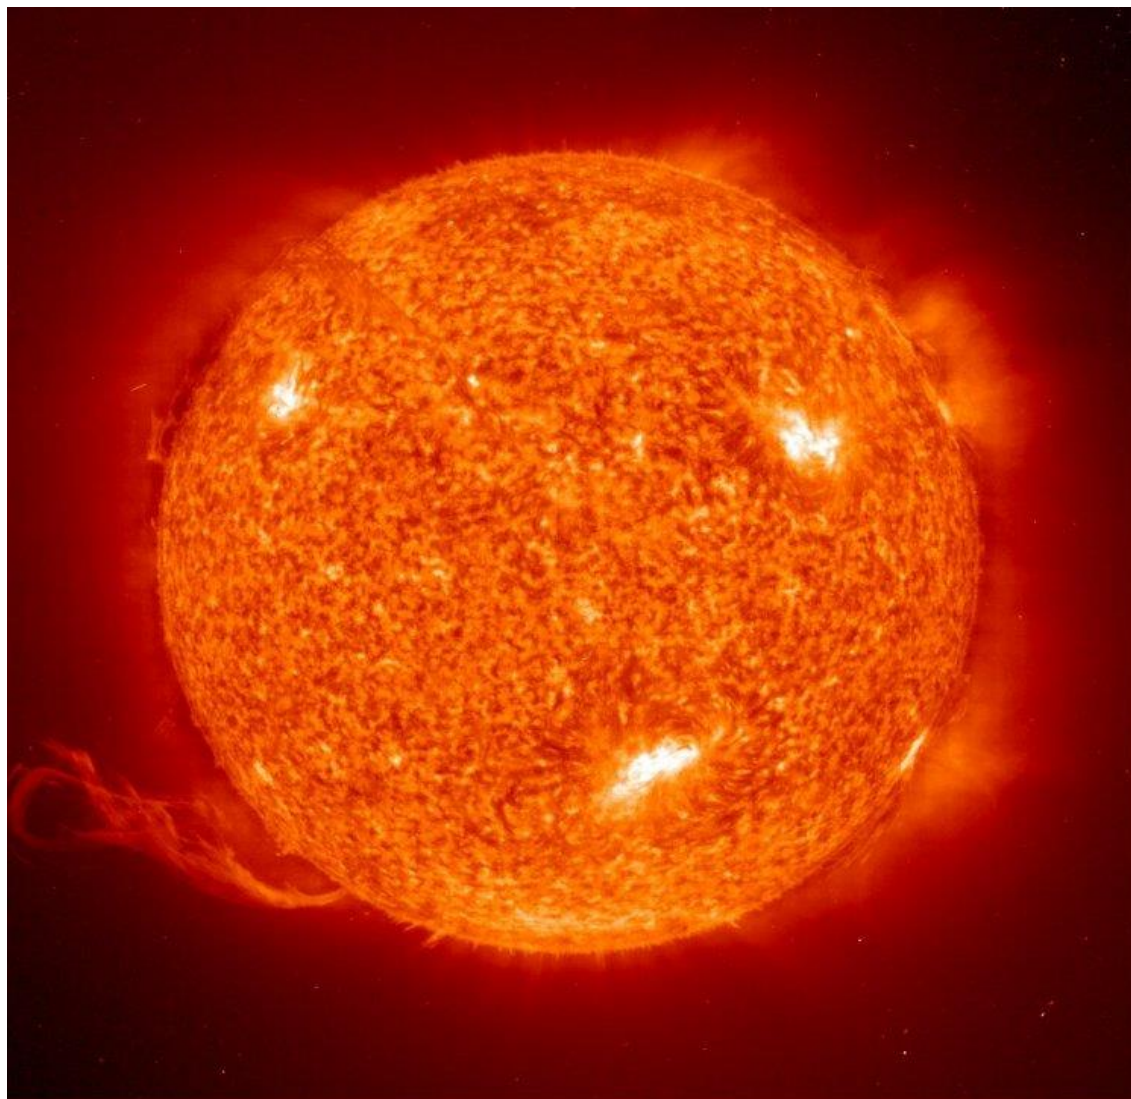

Sistema solare: siamo quasi a casa

Ecco come sono i pianeti del nostro sistema solare

Il sole, la nostra stella

Dalla Luna sempre più vicini

Terra!

Non sempre è così bella: i nostri satelliti

Com'è la Terra?

Europa e Africa

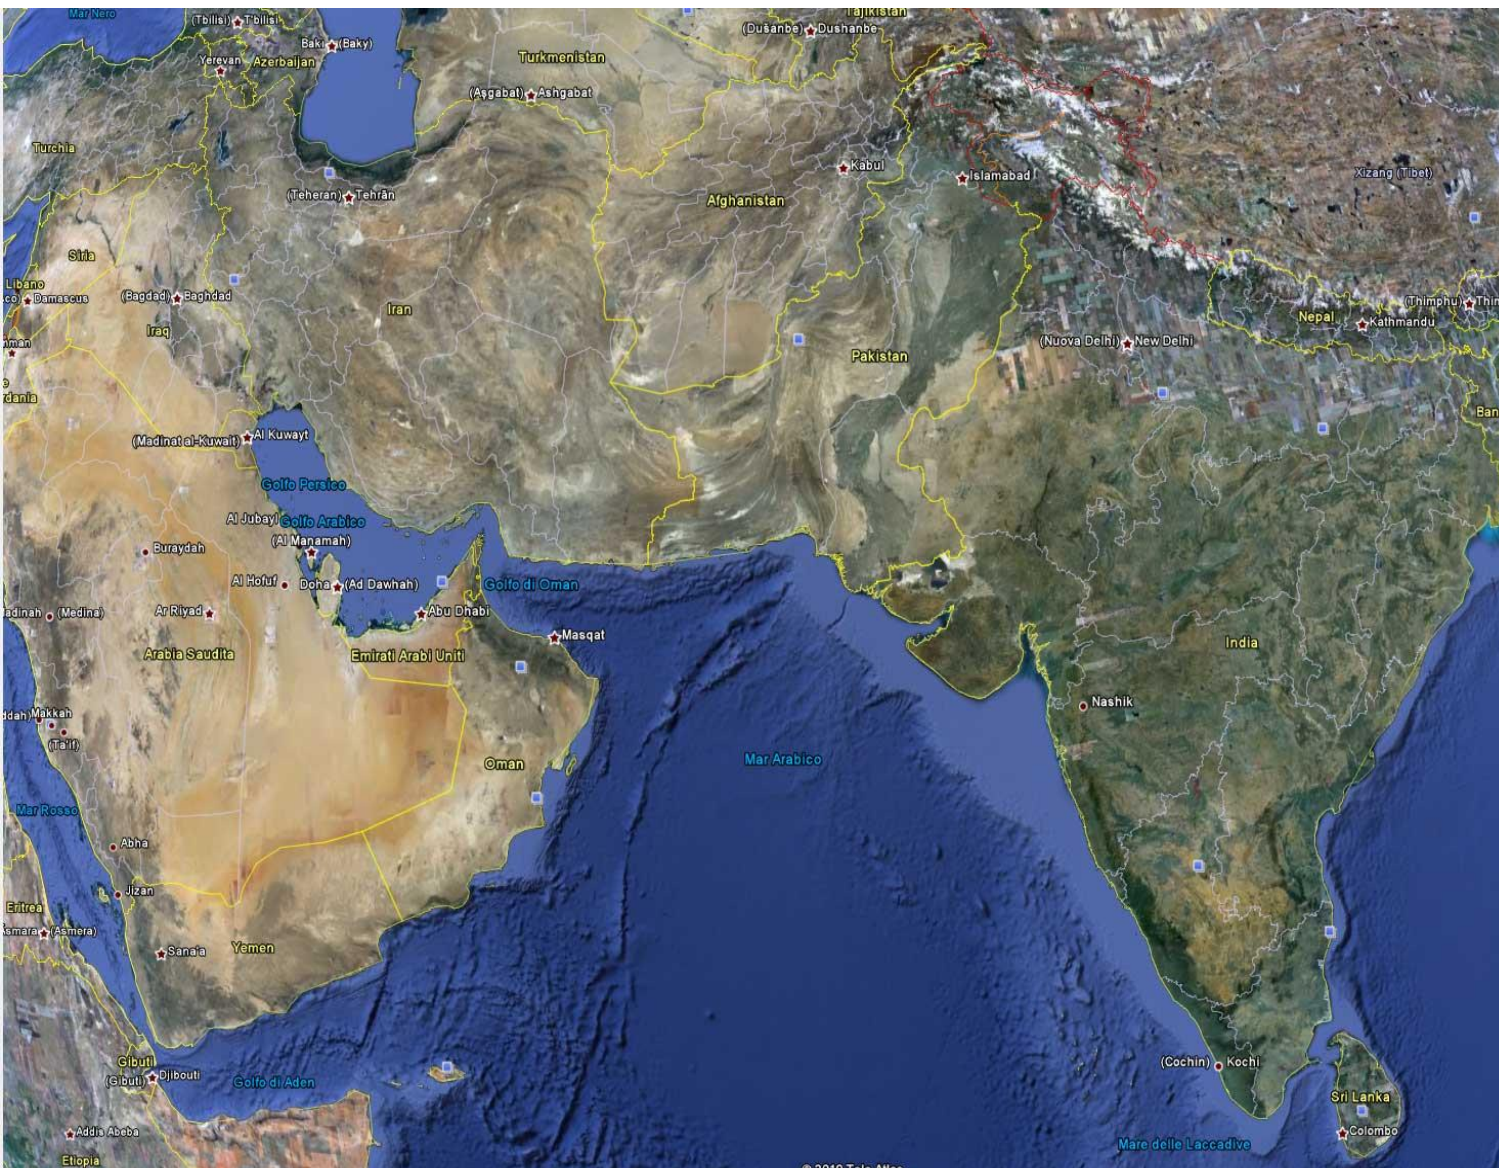

Le Americhe

Sud America

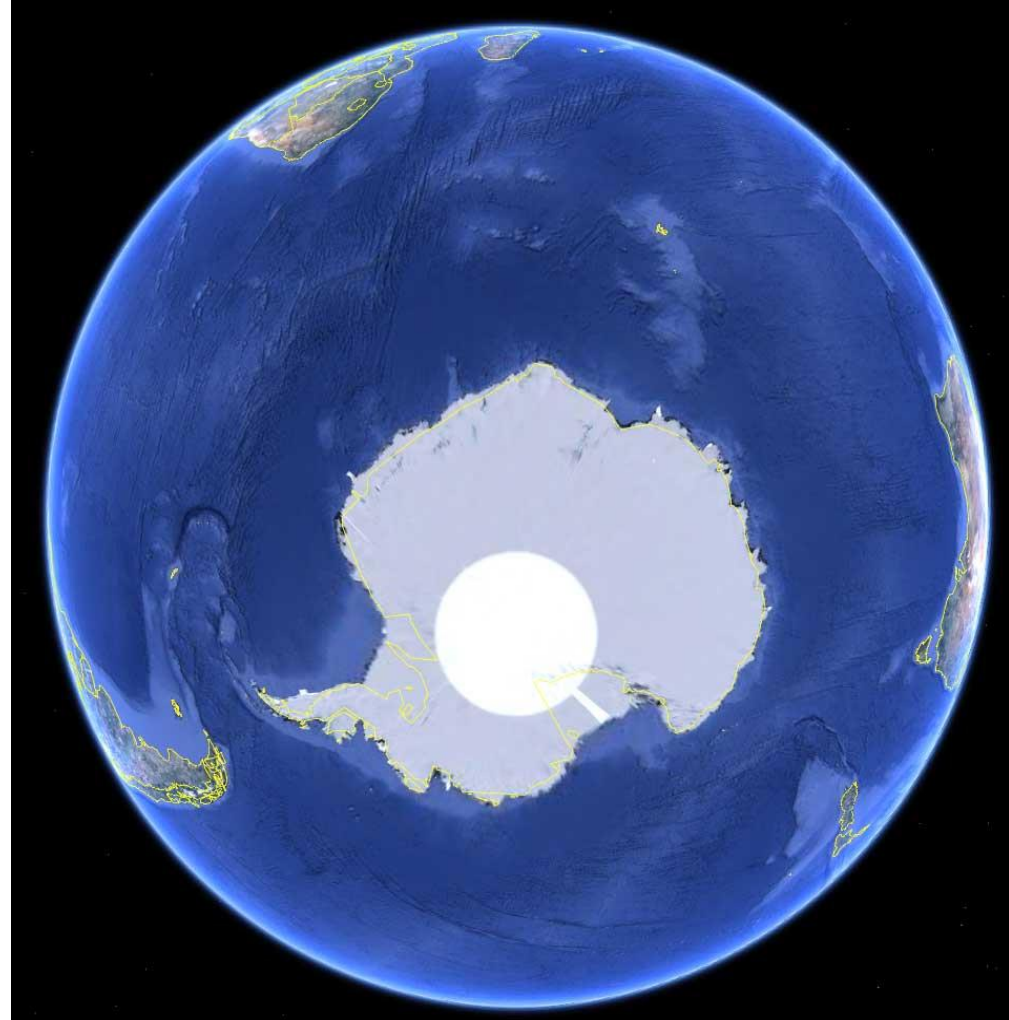

Medio oriente

Oceania

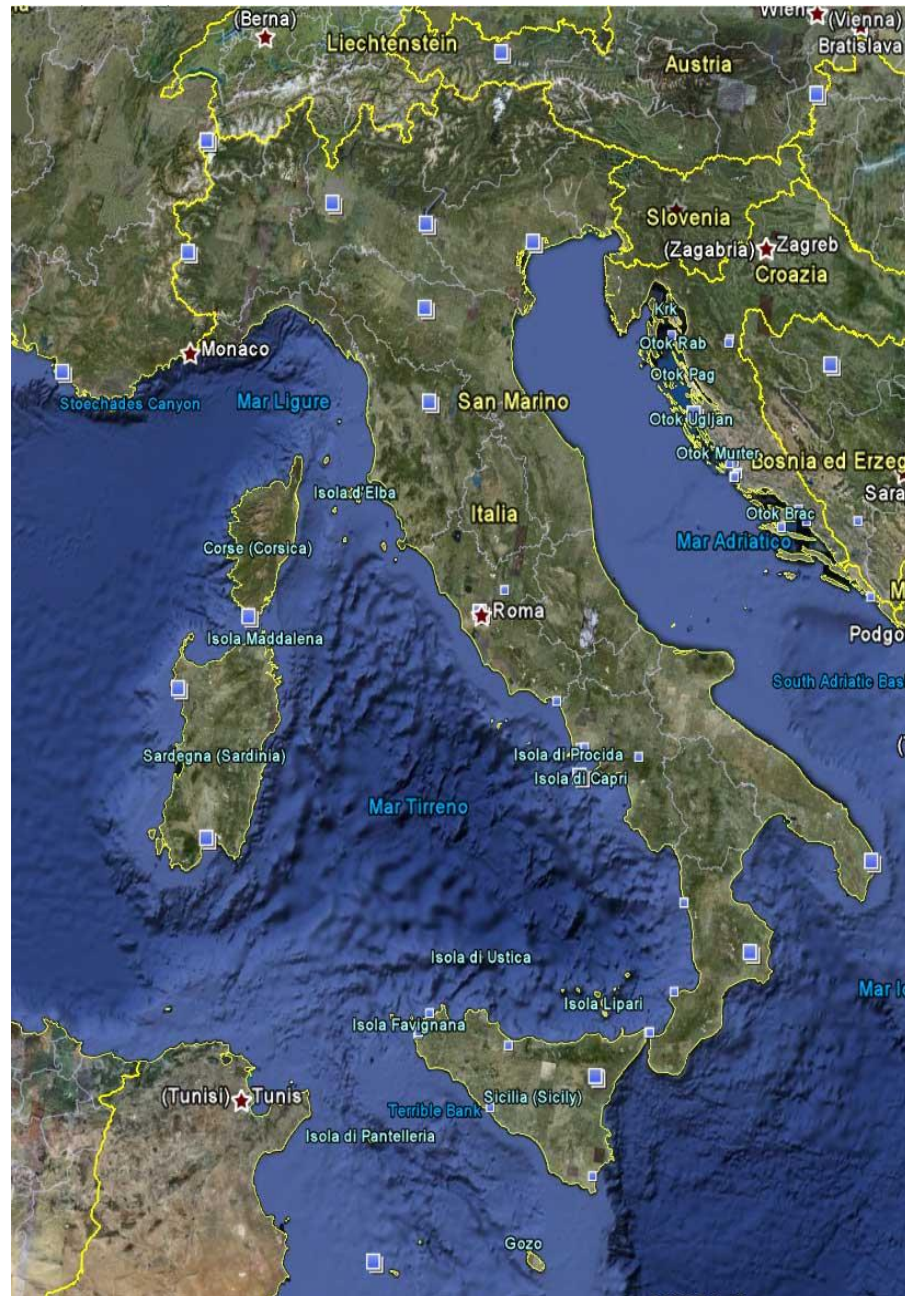

I poli

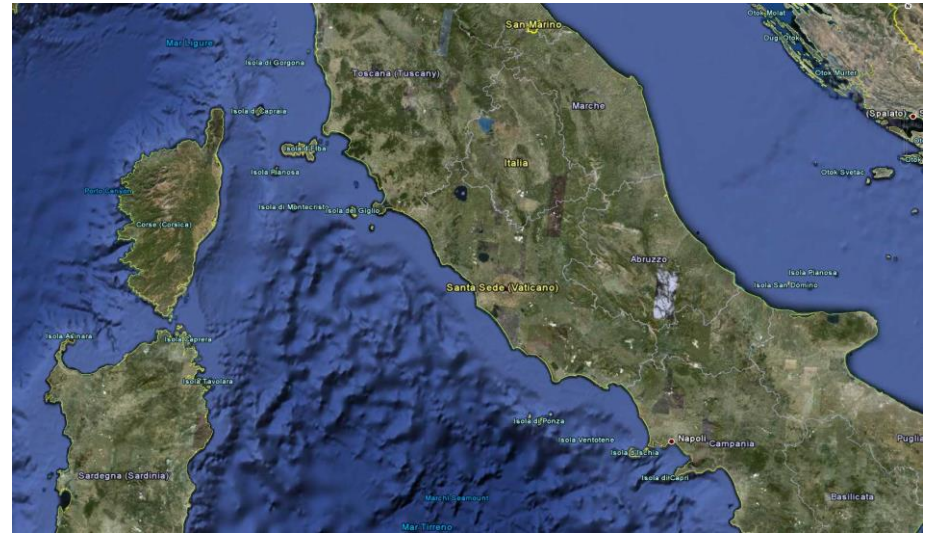

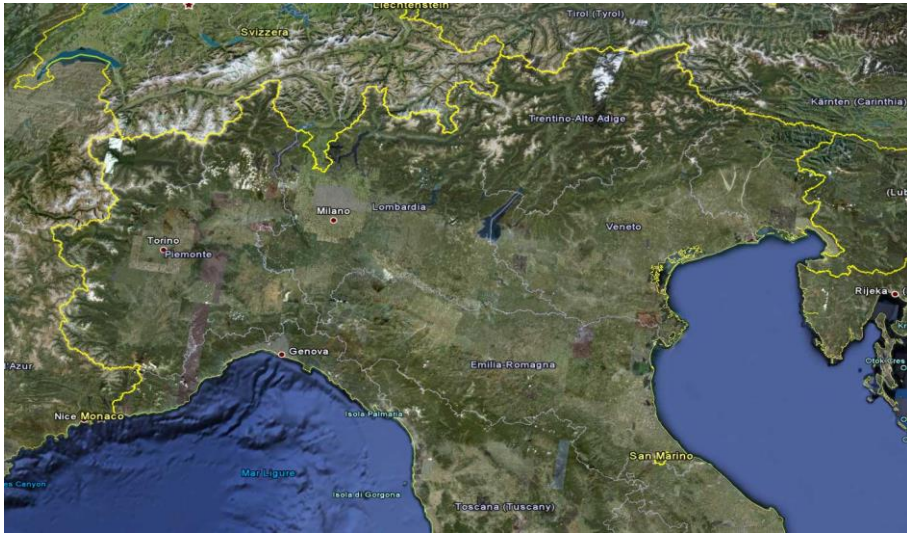

L'Europa

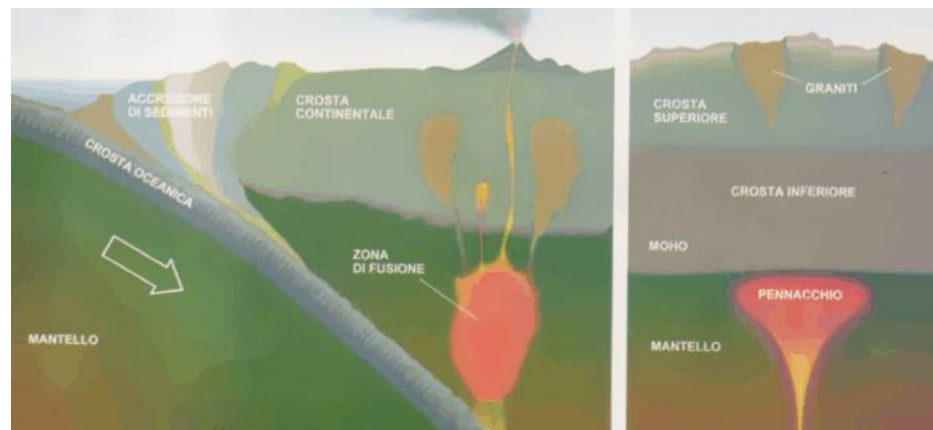

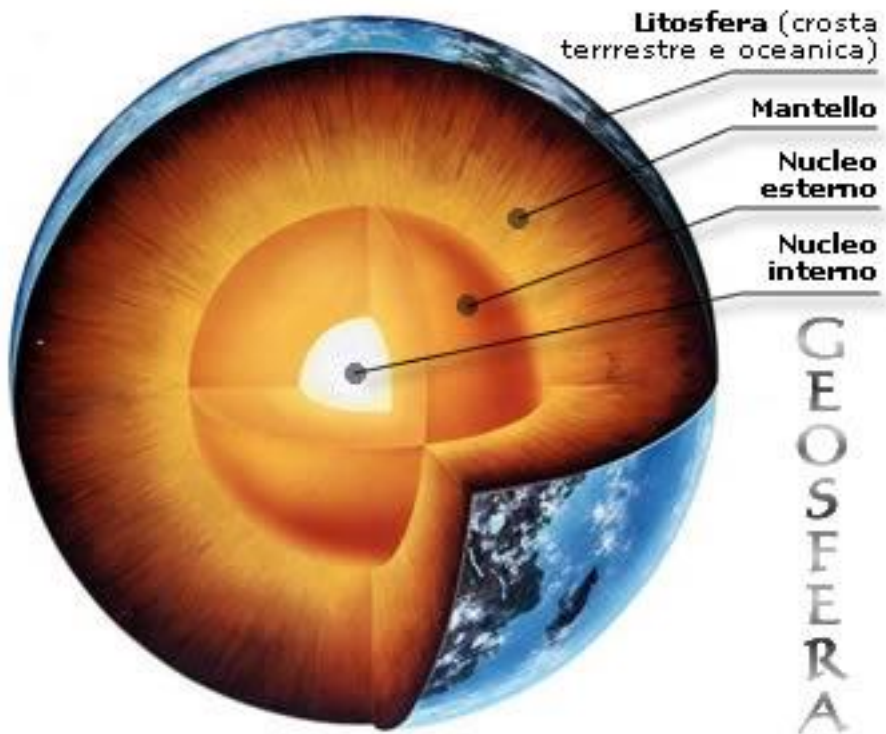

... e l'Italia

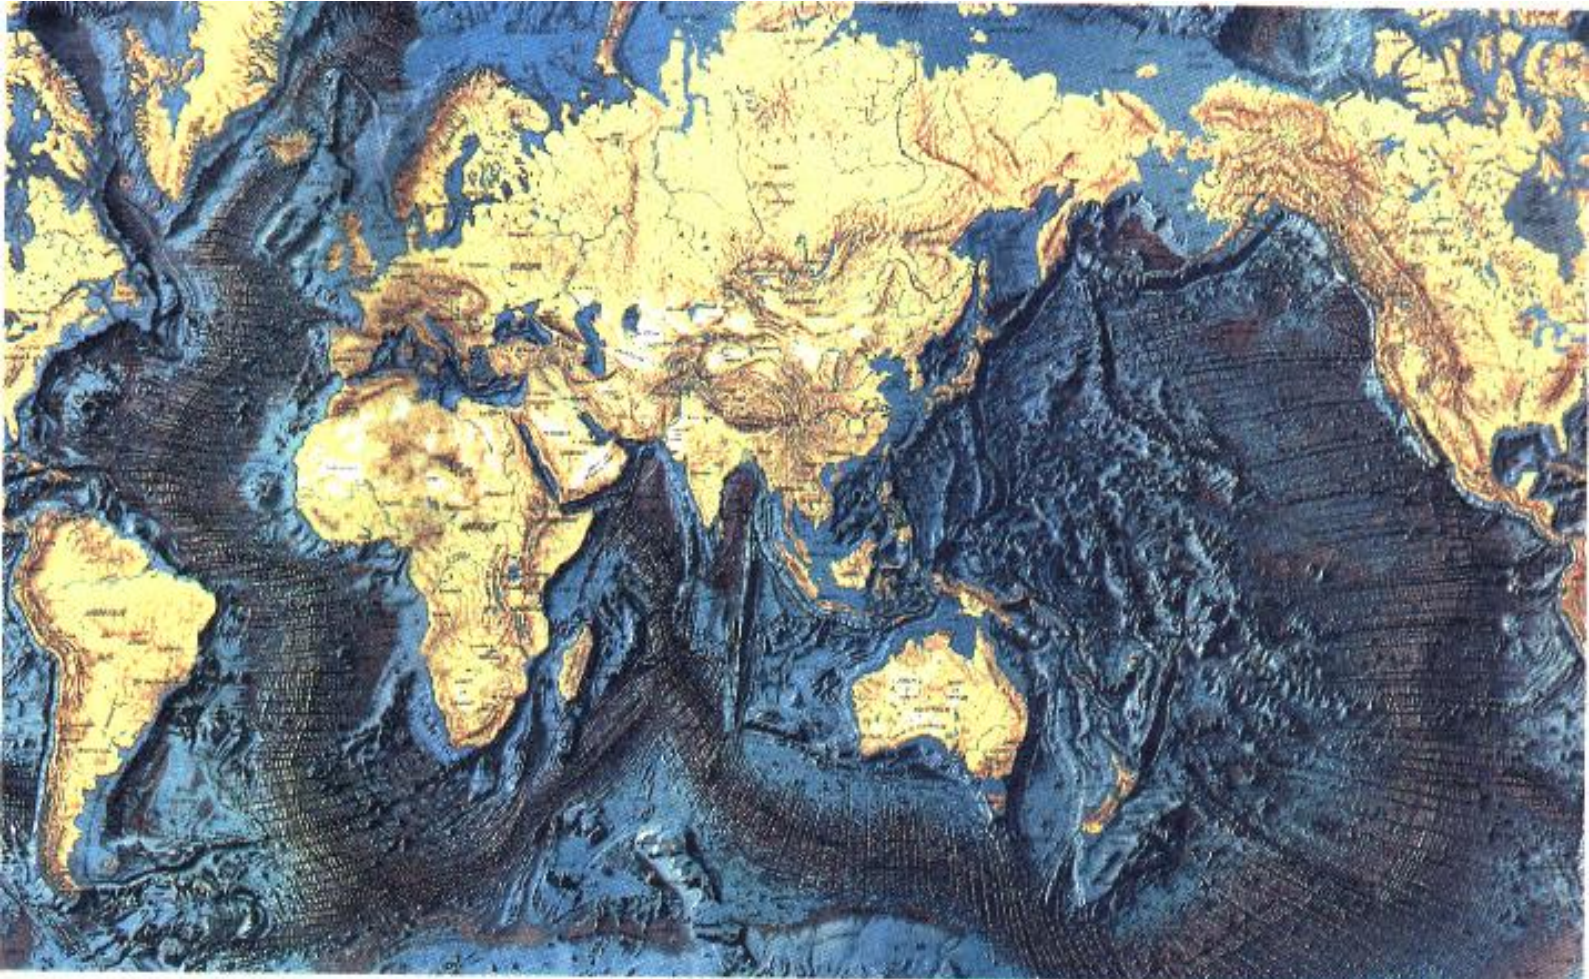

Nel dettaglio

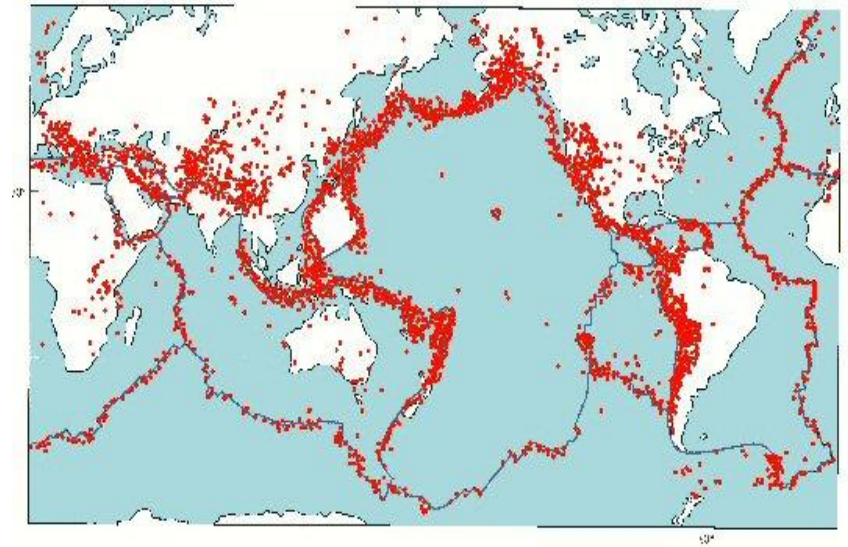

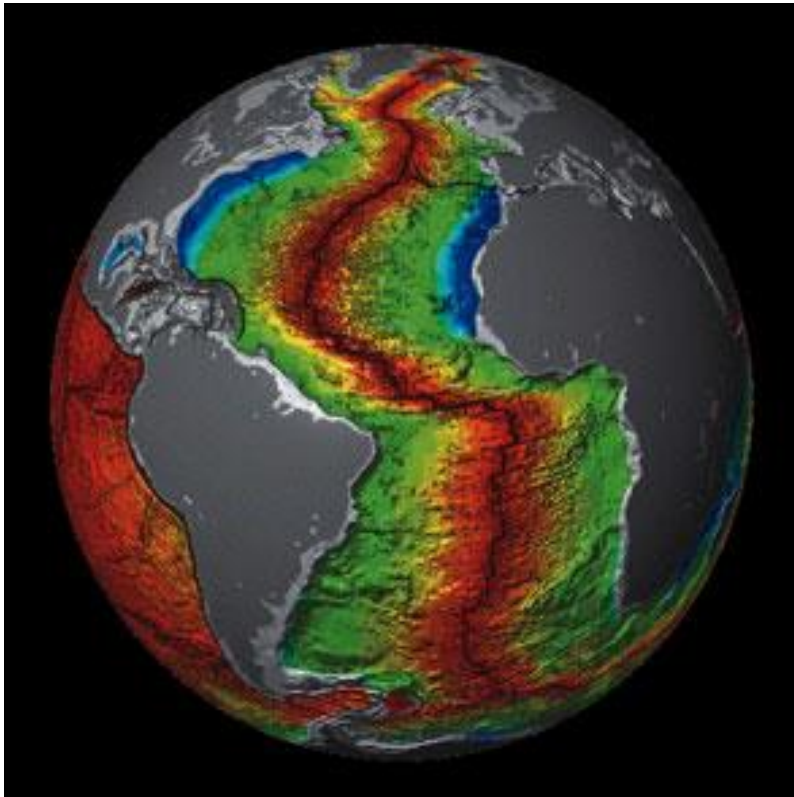

La Terra è viva: com'è dentro?

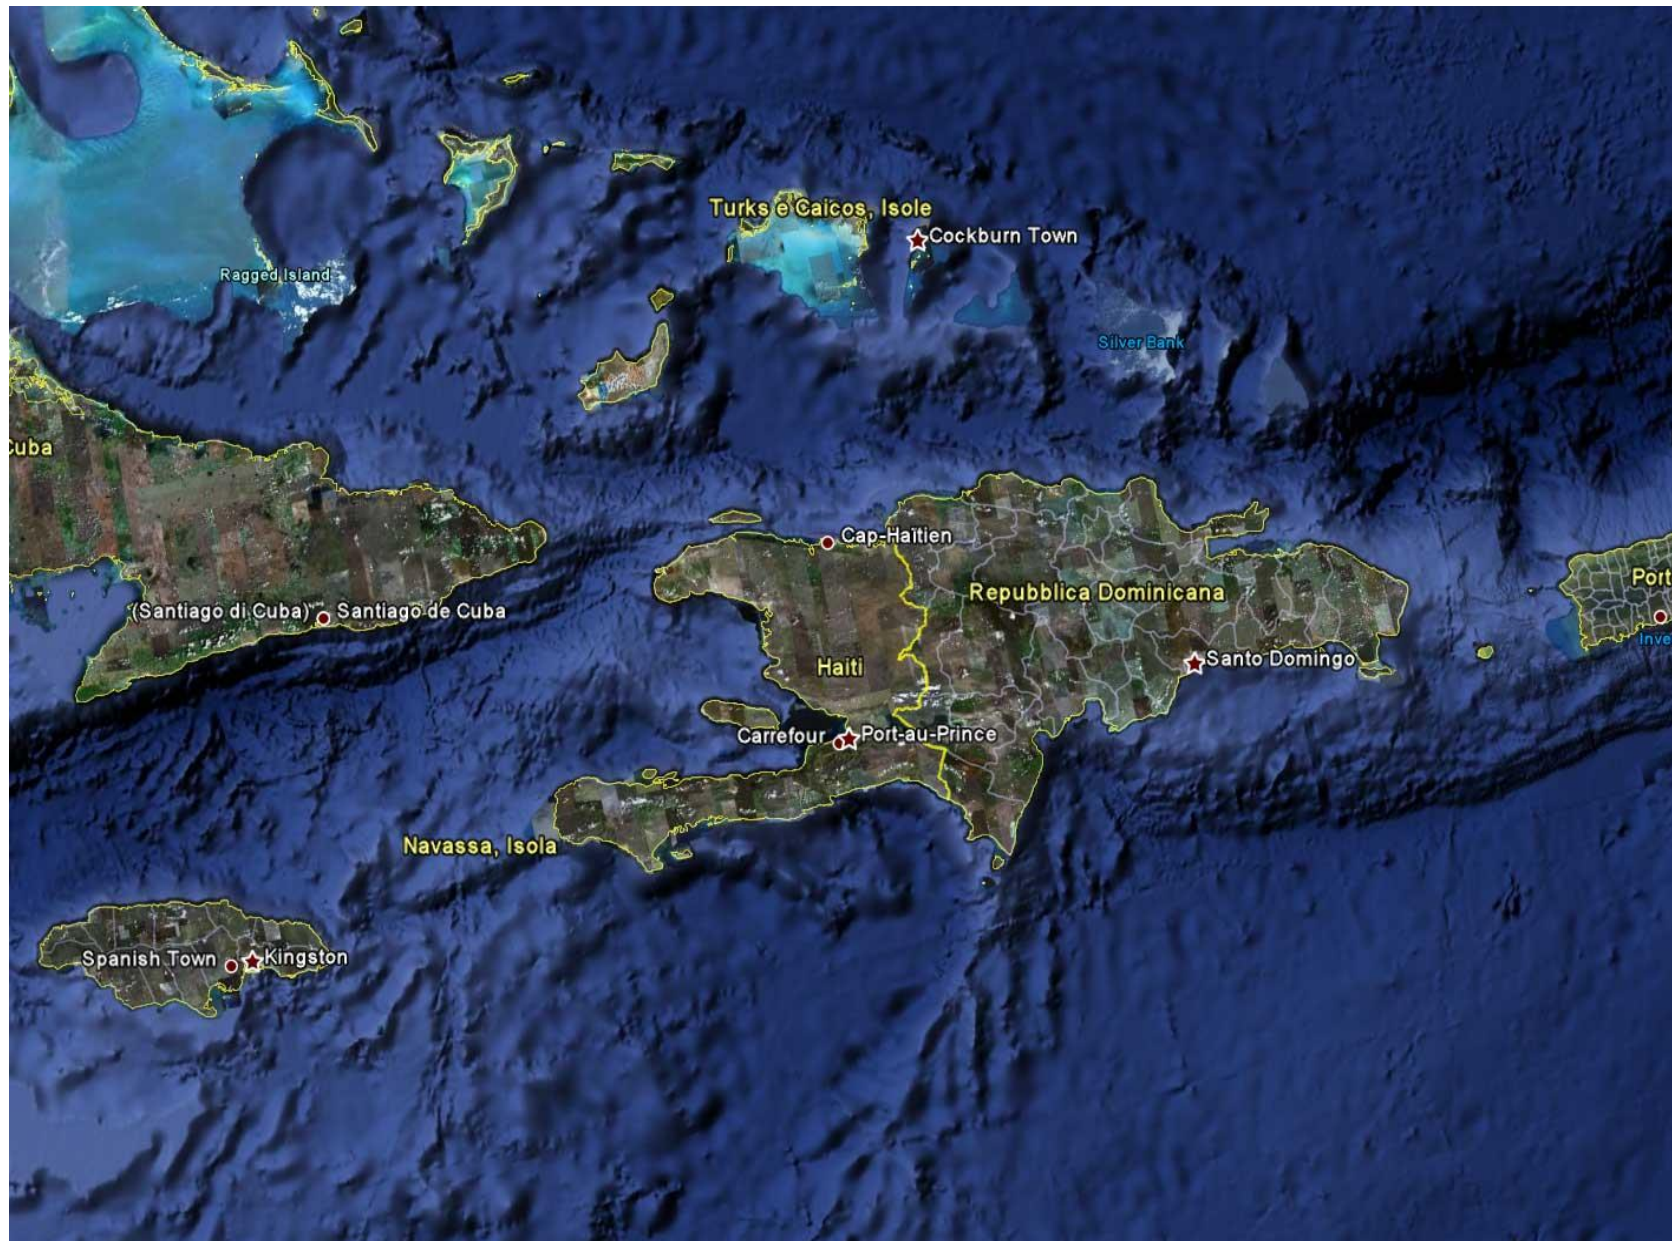

Senz'acqua

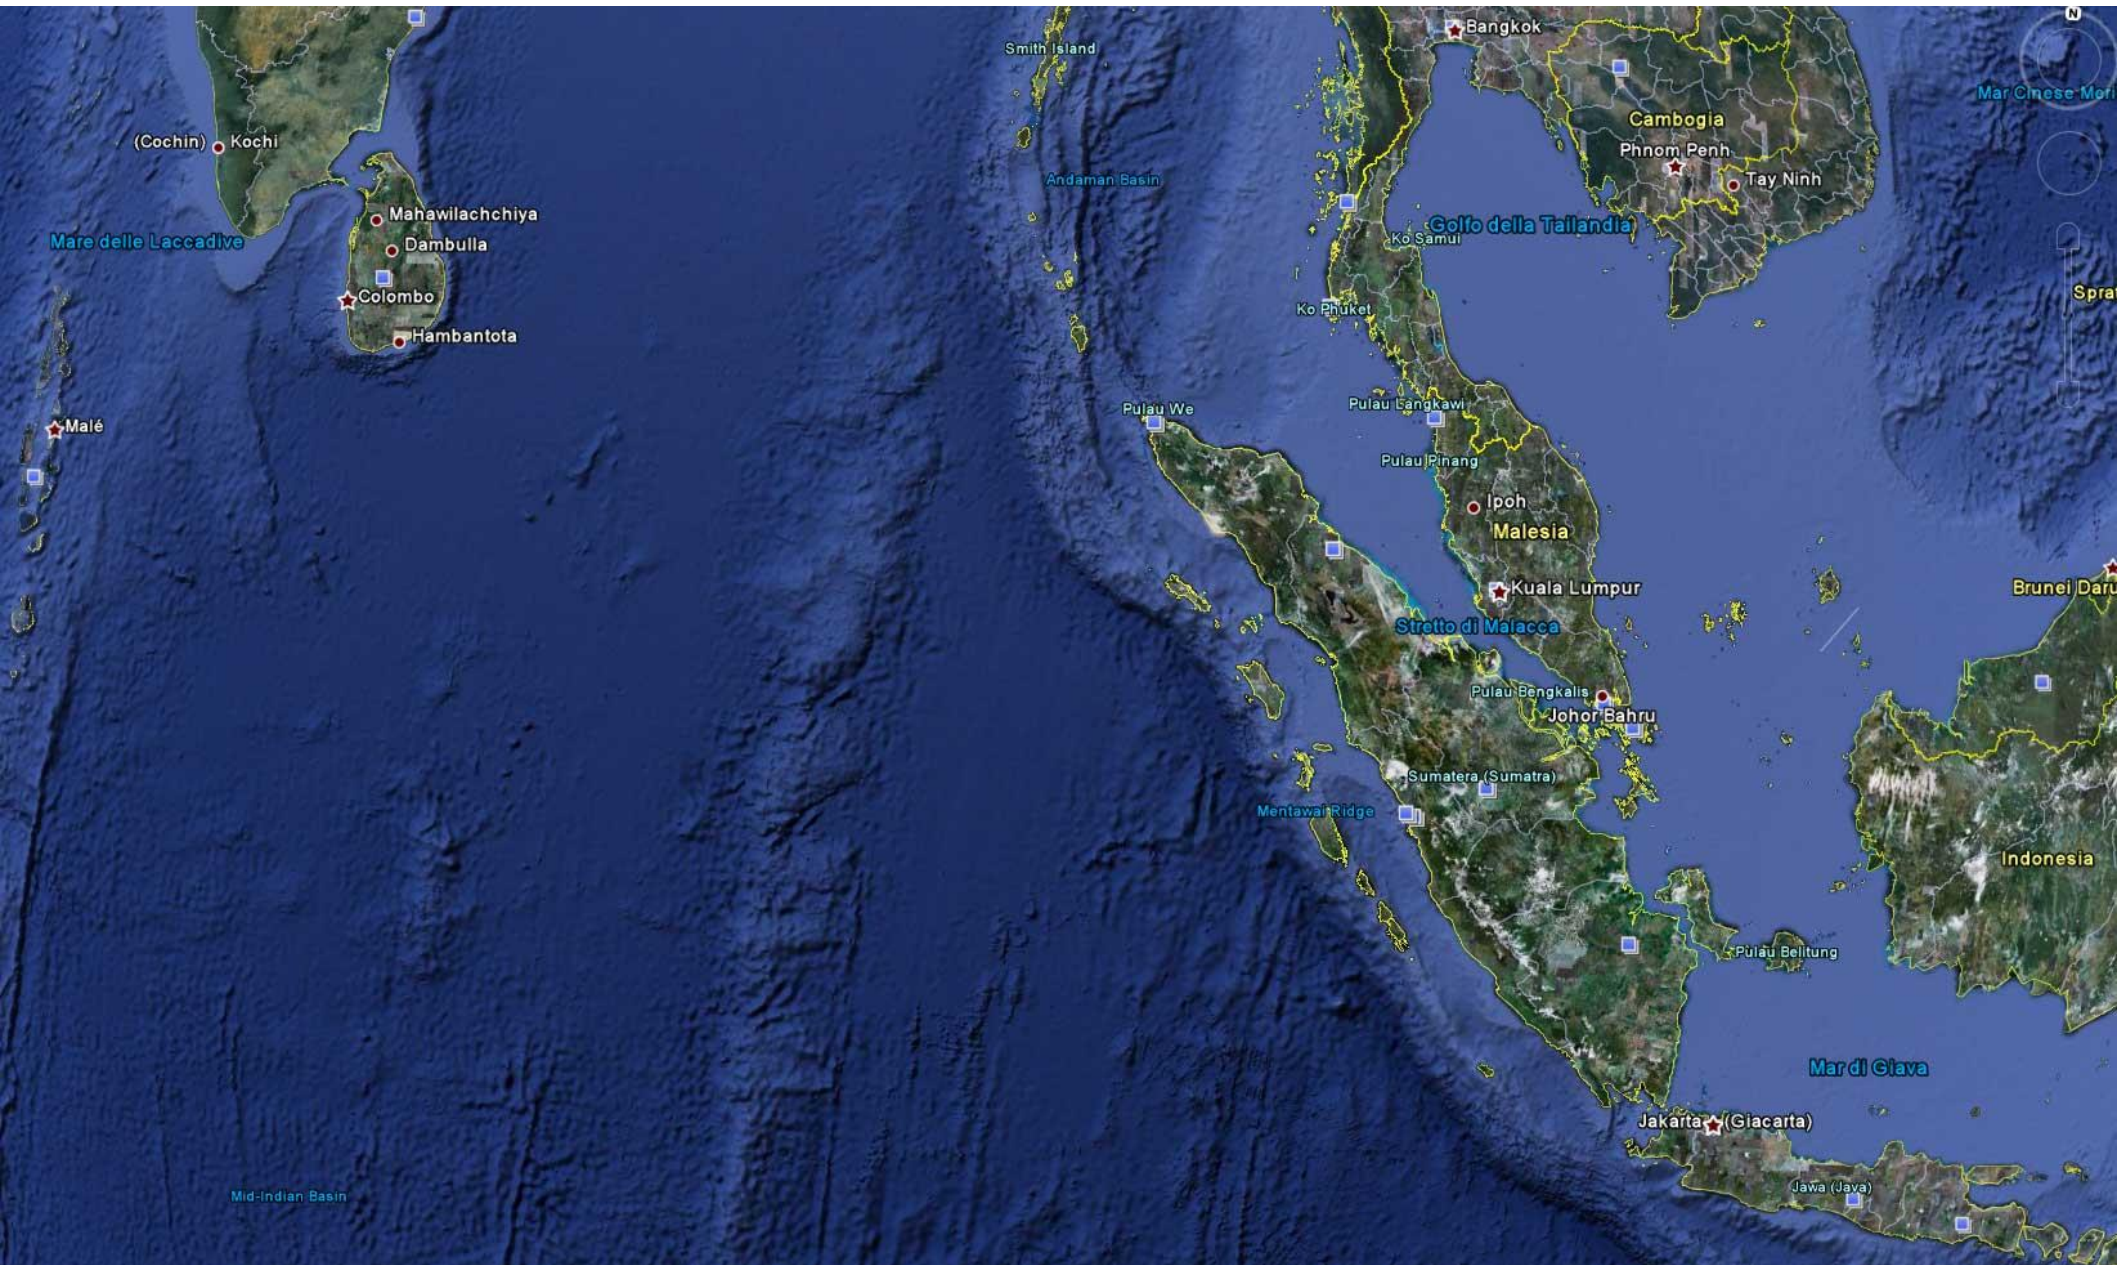

Le zone calde

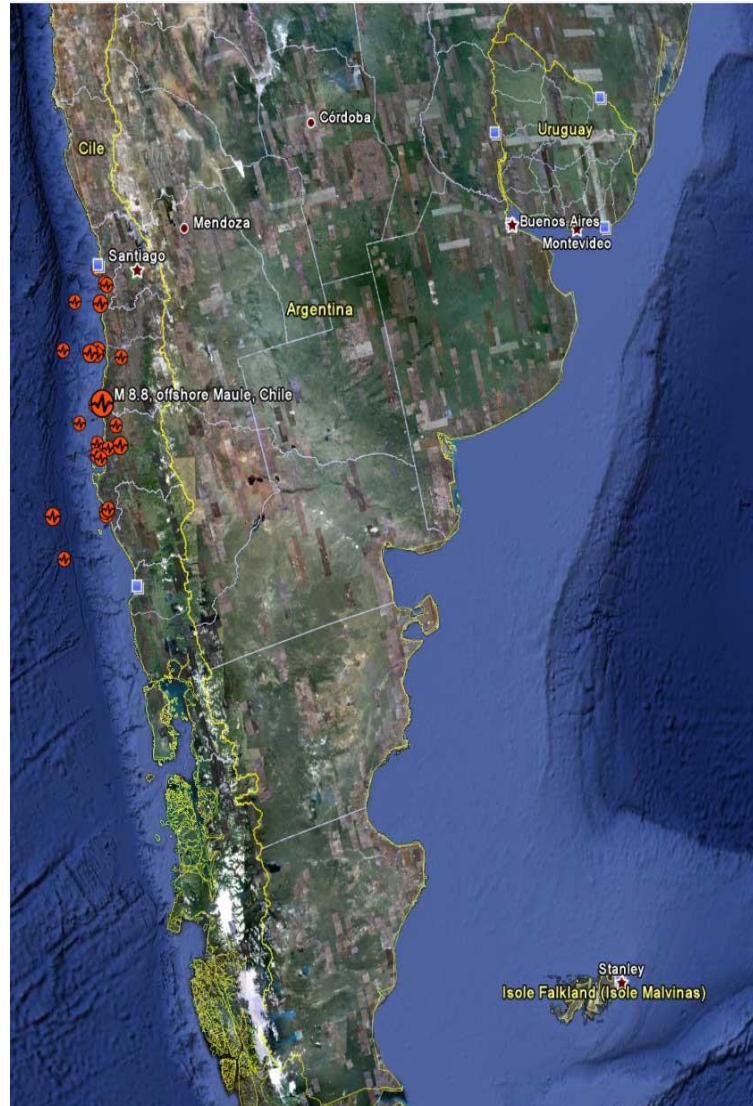

Terremoti

Indonesia

e Cile

e in italia?

Quando la Terra trema

L'Aquila
